MENTAL DISORDERS

Directions: Use Google search engine to find information about the Mental Disorder of your choice. Answer the following questions. On the backside, pre-write a summary of the disease including (symptoms/signs, treatments, interesting facts) about the disorder. This summary should answer all the questions your researched on the front side. Remember you will present your summary to the class. This project is worth 30 points, 20 points for your essay (2-4 paragraphs), **typed double spaced**, and 10 points for your presentation.

1. What mental disorder are you researching?
2. Define what the mental disorder is:
3. List Signs and Symptoms of the mental disorder.
4. How is the mental disorder diagnosed?
4. Can the mental disorder be prevented? Explain.
5. What are the cures or treatments for the mental disorder?
6. What are some medications for the disorder?
7. How might this disorder affect the person's life and family?
8. List 5 interesting facts about the disorder.
