

Child Abuse and Neglect

Breaking the Cycle of Child Abuse

Directions. Child abuse and neglect involve critical and delicate issues that affect many children. These children will be unable to develop their full potential and become healthy adults unless steps are taken to help them. In the following boxes, write down your ideas about how to break the cycle of child abuse. What can be done in the family, the legal system, and society in general to help in the following four areas?

To Identify Potential Abusers	To Treat Abusers and Potential Abusers
To Prevent Child Abuse	To Treat the Victims
