

## Kirby Killion's Algebra Semester 2 Syllabus

Room: 207

website: [wp.lps.org/kkillio](http://wp.lps.org/kkillio)

email: [kkillio@lps.org](mailto:kkillio@lps.org)

- Be Responsible: take responsibility for your words and actions. Be Prepared Physically and Mentally: Physically bring a pencil, paper, textbooks, and completed assignments to class everyday. Mentally be ready to learn and contribute in class.

- Be Respectful : show respect for all students and teachers at all times. Not everyone is the same and you need to understand that people think and act differently than you do, respect those differences.

- Be Safe: keep the classroom a safe environment. We are a team and need to feel safe as if this is a second home.

Expectations:

Electronic Devices: all electronics need to either be off or on silent during class. If I hear/ see any electric devices I will follow School Policies.

Attendance: This is very important, as it is easy to get behind in math. If you miss one day you are then behind and might be struggling to get caught up the rest of the chapter. It is essential that you come to class everyday and stay caught up with all assignments. If you are going to be absent please notify me so that I can give you the proper materials to stay caught up.

Tardy: I will follow the school policies on being tardy.

Assignments: we will have assignments everyday. 80% of the time you should have time to finish the assignment in class if you work efficiently. I will collect assignments when they are due at the beginning of class. If you do not get it done you have until the day of the test to hand it in.

Quizzes: quizzes will be given periodically throughout the year. Quizzes are formatively graded (10% of your grade).

Tests: tests are your only summative grade, they are very important because they are 90% of your grade.

Cheating: any form of cheating will not be accepted at any time. If caught you will be given a zero and an office referral.

TRY: try your hardest, it is okay to make mistakes, mistakes help you learn in math. If you don't try you will not succeed in my class.

Grading Scale:

Summative: 90%

Formative: 10%

**90-100    A**

**85-89     B+**

**80-84     B**

**75-79     C+**

**70-74     C**

**69-below F**

Website: I have a website that I will keep all assignments and updates to anything new going on in class.
