

Dear Parents,

We have been doing the reading series Wonders this year. It has a great online component and the students have been learning how to use it at school. If you have Internet access, here are the directions so you can log on at home:

- Go to [www.lps.org](http://www.lps.org)
- Keyword search - type in wonders (this has to be done from the lps homepage or your child account will not work)

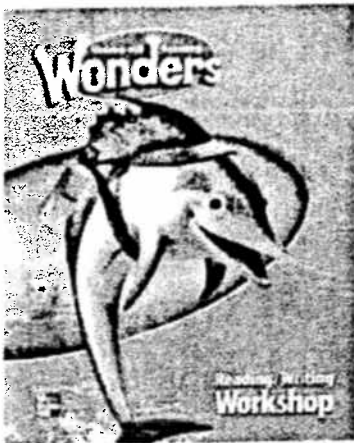

press return

- This should appear - use the user name and password listed on the yellow card attached to this page. The password is case sensitive .  
In the top right corner it should say Welcome and your child's name.

**Reading Wonders Grade 2**

**To-Do**

**My Files**

**Messages**

Click on the To Do rectangle

This will bring up educational games that re-enforce the week's skills.

Thank you for helping with your child's learning and re-enforcing skills at home. If you have any questions please contact me.
