MTSS-B Newsletter

December 2021 - January 2022

MTSS-B is a positive school-wide Multi-Tiered System of Supports for Behavior that guides and supports SouthWest High School to create a safe, successful, and positive learning environment and culture for everyone.

MTSS-B Common Lesson

1110 students participated in the SOAR Matrix Revision survey on January 11, 2022

According to the survey, **36.3%** of LSW students think that they were the strongest in being respectful this year, followed by **31.5%** who stated that they did a great job in being safe, while only **13.6%** said they their strongest attribute was being accountable. **49%** of surveyed students said that they feel they needed to personally continue improving on being open-minded.

As building, **33.4%** of surveyed students thought we were strongest in being safe. **40.8%** of surveyed students felt that we could use the most improvement as a building in being respectful.

Throughout the last 5 years, one area that students consistently indicate as the area of growth is being **open-minded**. So, as a school we will continue to help our students grow in this area through our daily instruction and common SOAR lessons.

Here at Lincoln SouthWest our school wide expectations are Safe, Open-Minded, Accountable, and Respectful. This is how we center ourselves in creating a safe, positive and predictable environment. This requires everyone to have a voice in what these school expectations mean to you inside and outside of school. We invite you to share with us how you are making these expectations meaningful to you and your family.
